

INDUSTRIAL PhD

UNIVERSITI MALAYSIA PAHANG (UMP)

SCHOLARSHIP UP TO RM50,000

INDUSTRIAL PhD AT UMP

The Industrial PhD program is to attract increased interest among enterprises, universities and researchers/graduate students. Basically, the Industrial PhD program's combination of doctoral studies and business experience is to generate value-innovation and high level satisfaction.

For the Industrial PhD researchers/students, the advantages are obvious. Graduates of the course do not encounter problems in finding employment, rather, then quickly find exciting jobs as managers in the research areas of private enterprises and enjoy handsome salaries.

Moreover, many Industrial PhD students should be happy as the combination of research and professional experience makes gaining a PhD more attractive.

ENTRY REQUIREMENT

- A Master degree or equivalent qualification recognised by the University Senate with CGPA 3.00 – 4.00 or equivalent together with minimum 3 years industry experience in relevant field subject to the terms and conditions specified by the Malaysian Qualification Agency (MQA) and Public Institution of Higher Learning **or**
- A Master degree upgraded to a doctorate by the University Senate with working experience in the related field for least 3 years **or**
- Only Malaysian Student Working in Company
- The entry requirement is subjected to the rules and regulation of Institute of Postgraduate Studies which currently enforced.

HOW TO PROCEED

For industry executives/researchers or students interested in the Industrial PhD, your first step should be to organize an employer and university representatives (or supervisors) for your PhD project. Once you have done this, send an application to the University and followed by application to the Ministry of Higher Education (will be handle by Institute of Postgraduate Studies, UMP)

APPLICATION PROCEDURE

Applicants who fulfil the above requirements can apply Online at ips.ump.edu.my. The application should be submitted with a brief research proposal, and the approval/supporting letter from the employer.

The proposal should include background of study, problem/s to be addressed, research questions, research objectives, scope, significance of research, short review of the literature in proposed study area, methodology, and research schedule.

Upon successful selection, candidates will be issued with an offer letter from Institute of Postgraduate Studies, UMP to pursue the Industrial PhD Program.
